Brooklyn, NY

Product builder w/ a knack for systems thinking, growth, & making cool stuff

WORK EXPERIENCE

Gusto

Jul 2026–Present

Senior Product Designer

- Leading design for consumer banking (... and more) with a focus on growth
- Reshaping Gusto's suite of financial products to maximize consumer good while simultaneously improving onboarding conversion and activation
- Driving roadmap via UX research, user-centric data analyses, and empathy
- Building low & high-fidelity prototypes, agentic UX skills, and shipping experiments with Claude Code & Cursor
- Testing & establishing new product development workflows with the rise of AI tooling

Flex

Jun 2022–Jun 2025

Senior Product Designer

- Designed consumer lending mobile app aligning rent with pay, reimagining rent for 700k+ users per month
- Drove down loss rates, decreased contact rate, increased user satisfaction w/ product, data, PMM, legal, etc. peers
- Rebuilt the in-app payments architecture and UX to support flexible rent and a multi-product future
- Built a complex secured credit line version of our lending product; designing, testing, and iterating fast to achieve parity in activation rates with existing product
- Optimized & modularized onboarding using research & analytics; boosted top-of-funnel growth

FactSet

Aug 2020–Jun 2022

Senior UX Specialist, Design systems

- Designed, prototyped, and built dozens of complex responsive & WCAG AA+ compliant components & patterns, so teams can build efficiently, accessibly, and consistently
- Collaborated with and oversaw app team designers to expand system flexibility while keeping patterns standardized
- Wrote CSS files to migrate legacy component libraries to updated visuals without having to rewrite entire apps

Next Jump

Aug 2019–Jun 2020
